Outreach Overview

Crescent Project Outreach Proposal

Crescent Project is partnering with Christian ministries and churches to reach one million Muslims in America.

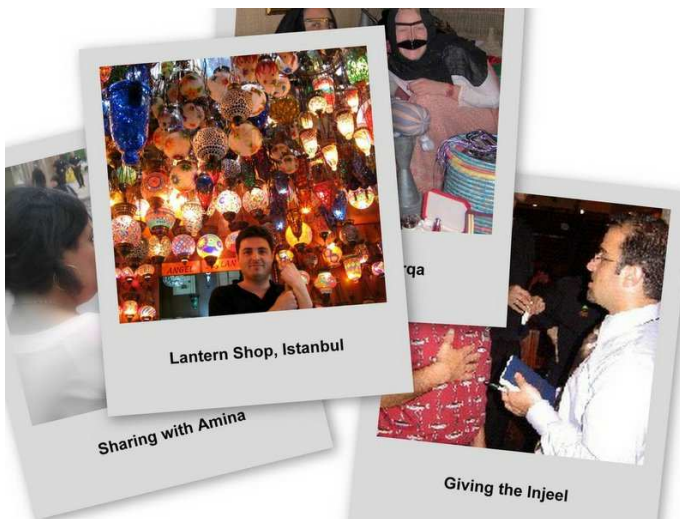

Highlights

A Message of Hope: Today more than ever we see that Jesus is the only hope for our planet. More attacks in Morocco, more attacks in Algeria, more attacks in Iraq. Democracy will help, but the real solution is Jesus who changes the heart and mind.

The Need: Millions of Muslims in America still have not heard the message of Christ.

The Strategy: Crescent Project plans to reach one million Muslim households in 2007 through individual Christians sharing with Muslims. We have partnered with churches and major agencies to fulfill this endeavor. Each one can reach one or even more. We are challenging Christians to reach out to Muslims in their community, welcome them, and present them with a gift.

Reaching out: Crescent Project is assisting Christians by providing materials and opportunities to reach out in friendship to Muslims.

Is the Injeel Corrupted? A new book on the authenticity and validity of the New Testament. It encourages Muslims to take the next step of reading the New Testament for themselves.
